ZSCALER PARTNER DATA PROCESSING AGREEMENT

This Data Processing Agreement ("**DPA**") is entered into between Zscaler, Inc., located at 120 Holger Way, San Jose, CA 95134, USA ("**Zscaler**" or "**Data Importer**"), and Partner (**"Partner"** or **"Data Exporter"**). This DPA is effective on the date that it has been duly executed by both parties.

HOW THIS DPA APPLIES

This DPA is only valid and legally binding if (i) the Partner entity agreeing to be bound by this DPA is a party to an Agreement and this DPA is required under applicable Data Protection Legislation (defined below); (ii) Zscaler processes Partner's Personal Data (defined below); or (iii) Partner processes a Zscaler Customer's (defined below) personal data in order to provide support services to a Zscaler Customer.

The parties hereby agree that the terms and conditions in this DPA, including all Exhibits, are expressly incorporated into the Agreement, and to the extent of conflict, the terms, and conditions in this DPA related to the processing Personal Data in connection with the Agreement will supersede the conflicting term or condition in the Agreement.

INSTRUCTIONS FOR MODIFYING THIS DPA

This DPA consists of this cover page, the DPA Terms, Exhibit A, Exhibit B, Exhibit C (with its Annex I and Annex II) and Exhibit D. Any modifications to the terms of this DPA (whether handwritten or otherwise) will render this DPA ineffective unless Zscaler has separately agreed to those modifications in writing.

If you have any questions about this DPA, please contact privacy@zscaler.com

DPA TERMS

1. DEFINITIONS.

Capitalized terms not defined herein shall have the meanings assigned to such terms in the Agreement.

"**Agreement**" means the Reseller Agreement or any other agreement between Zscaler and a specific Partner under which Partner is authorized to resell or otherwise provide the Products to Customers.

"**Controller**", "**data subject**", "**personal data**", "**personal data breach**," "**process**", "**processing**", "**processor**", and "**supervisory authority**" shall have the meanings given in applicable Data Protection Legislation or, if not defined in applicable Data Protection Legislation, the GDPR.

"Customer" means the end user customer who orders the Products from Partner.

"Data Exporter" means the Controller who transfers the Personal Data to a Data Importer.

"Data Importer" means the Processor who agrees to receive Personal Data from the Data Exporter intended for Processing on its behalf after the transfer in accordance with its instructions and the terms of the applicable Transfer Mechanism.

"**Data Protection Legislation**" means all applicable data protection laws and regulations, including laws and regulations of the European Union, the European Economic Area (EEA) and their member states, Switzerland and the United Kingdom, applicable to the processing of Personal Data under the Agreement, as amended or replaced from time to time, including without limitation the General Data Protection Regulation (Regulation (EU) 2016/679) of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (the "**GDPR**").

"**Partner**" means the entity that is a party to the Agreement, including any Partner affiliates.

"**Personal Data**" means personal data that is submitted by Partner to Zscaler and processed by Zscaler for the purposes of providing the Products. The types of Personal Data and the specific uses of the Personal Data are detailed in Exhibit A attached hereto.

"**Products**" means the Zscaler services and products ordered by Partner for Customer(s) in an Agreement.

2. DATA PROCESSING.

2.1 Roles of the Parties. The parties acknowledge and agree that with regard to this DPA, Partner is either the controller or processor and Zscaler is either the processor or sub-processor of Partner. The parties further acknowledge and agree that with regard to the processing of Personal Data for the provision of the Products, Customer is the controller and Zscaler is either the processor or a sub-processor of Partner.

2.2 Processing Instructions. Partner instructs Zscaler to process Personal Data for the following purposes: (a) processing necessary for the provision of the Products and in accordance with the Agreement; and (b) processing to comply with the other reasonable written instructions provided by Partner to where such instructions are consistent with the terms of the Agreement, as required to comply with applicable Data Protection Legislation, or as otherwise mutually agreed by the parties in writing. Zscaler will promptly inform Partner if in its opinion compliance with any Customer instruction would infringe Data Protection Legislation.

2.3 Processing of Personal Data. Zscaler may process Personal Data on behalf of Partner as part of the provision of the Products under this Agreement. Zscaler will process Personal Data as follows:

(a) Zscaler will process the Personal Data only in accordance with any documented Partner instructions received by Zscaler with respect to the processing of such Personal Data and in a manner necessary for the provision of the Products by Zscaler which will, for the avoidance of doubt, include processing in accordance with this DPA and the Agreement;

(b) Zscaler will comply with applicable Data Protection Legislation;

(c) Zscaler will implement appropriate technical, administrative, physical and organizational measures to adequately safeguard and protect the security and confidentiality of Personal Data against accidental, unauthorized or unlawful destruction, alteration, modification, processing, disclosure, loss, or access;

(d) Zscaler will ensure that persons authorized to process Personal Data on behalf of Zscaler have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality;

(e) Zscaler will assist Partner by appropriate technical and organization measures for the fulfillment of Partner's obligations to respond to requests for exercising a data subject's rights with respect to Personal Data;

(f) Zscaler will reasonably assist Partner in complying with its obligations with respect to Personal Data pursuant to applicable Data Protection Legislation;

(g) Zscaler and its representatives will cooperate, on request, with the relevant supervisory authority in providing the Products;.

(h) Zscaler will, at Partner's option, and subject to the terms of this DPA (i) delete or return all Personal Data to Partner after the end of the provision of the Products, and (ii) delete existing copies of Personal Data unless legally required to retain the Personal Data; and

(i) Zscaler will maintain a record of all categories of processing activities carried out on behalf of Partner. Zscaler will make available to Partner or relevant supervisory authority, if requested, all information necessary to demonstrate Zscaler's compliance with its obligations under applicable Data Protection Legislation.

2.4 Partner Responsibilities. Partner will process Personal Data in accordance with the requirements of applicable Data Protection Legislation. For the avoidance of doubt, Partner's instructions to Zscaler for the processing of Personal Data will comply with applicable Data Protection Legislation. Partner will have sole responsibility for the accuracy, quality, and legality of Personal Data and for ensuring that the Personal Data was lawfully acquired by Partner. Partner shall ensure that Partner is entitled to transfer the relevant Personal Data to Zscaler so that Zscaler and its Sub-processors (as defined in Section 5.1 of this DPA) may lawfully use, process and transfer the Personal Data in accordance with this DPA and the Agreement on Partner's behalf as a processor or sub-processor.

3. RIGHTS OF DATA SUBJECTS.

Taking into account the nature of the processing, Zscaler shall assist Partner by appropriate technical and organizational measures, insofar as this is possible, for the fulfilment of Partner's obligation to respond to a data subject request under applicable Data Protection Legislation. In addition, to the extent Partner, in its use of the Products, does not have the ability to address a Data Subject Request, Zscaler shall upon Partner's request provide commercially reasonable efforts to assist Partner in responding to such Data Subject Request. To the extent Zscaler is legally permitted to do so and the response to such Data Subject Request is required under applicable Data Protection Legislation. To the extent legally permitted, Partner shall be responsible for any reasonable costs that Zscaler may incur in providing such assistance.

4. INTERNATIONAL TRANSFERS.

4.1 International Transfers. Partner consents to Zscaler Processing or transferring any Personal Data in or to a territory other than the territory in which the Personal Data was first collected. For clarity, Zscaler shall take such measures as are necessary to ensure such Processing or transfer is in compliance with applicable Data Protection Legislation and in accordance with any applicable transfer mechanism provisions set forth in Section 4.2 below.

4.2 Transfer Mechanism. If applicable Data Protection Legislation places restrictions on the transfer of Personal Data across international borders, then Zscaler will work with Partner to ensure that any international transfer is performed in accordance with applicable Data Protection Legislation and, if required, the parties will execute such applicable legal mechanism ("**Transfer Mechanism**"). This includes executing the following Transfer Mechanisms as part of this DPA:

4.2.1 EU Standard Contractual Clauses ("EU SCCs"): If Personal Data is transferred outside of the European Economic Area ("EEA") or Switzerland to a country that is not recognized under GDPR to offer an adequate level of protection for Personal Data and is not covered by a suitable framework recognized by relevant authorities or courts that offer an adequate level of protection for Personal Data, then the Parties agree to execute the EU SCCs as attached herein in **Exhibit C** or any such clauses as amended, replaced or superseded by a decision of the European Commission or by a legally binding decision made by any other authorized body.

4.2.2 UK Standard Contractual Clauses Addendum ("UK Addendum"). If Personal Data is transferred outside of the United Kingdom to a country that is not recognized to offer an adequate level of protection for Personal Data and is not covered by a suitable framework recognized by relevant authorities or courts that offer an adequate level of protection for Personal Data, then the Parties agree to incorporate the UK Addendum as attached herein in **Exhibit D** or any other Transfer Mechanism as adopted by a decision of the applicable supervisory authority or by a legally binding decision made by any other authorized body.

4.3 Alternative Transfer Mechanism. Zscaler agrees to notify Partner if it determines that a change in applicable Data Protection Legislation will adversely affect or invalidate the warranties and obligations provided under an executed Transfer Mechanism or if an alternative Transfer Mechanism becomes available to use by the Parties. In such an event, Zscaler will work with the Partner to find a mutually agreeable solution to ensure that Personal Data is transferred in compliance with applicable Data Protection Legislation.

5. SUB-PROCESSORS.

5.1 Sub-processing. Partner provides a general authorization to Zscaler to engage sub-processors that are listed at the following link: https://www.zscaler.com/legal/subprocessors ("**Sub-processors**") to enable Zscaler to fulfill its contractual obligations under the Agreement and

to provide support services on Zscaler's behalf, subject to compliance with the requirements in this Section. For purposes of clarity, Sub-processors may include Zscaler affiliates.

5.2 Sub-processor Agreements. Zscaler will: (a) enter into a written agreement in accordance with the requirements of Article 28(4) of the GDPR with any Sub-processor that will process Personal Data; (b) ensure that each such written agreement contains terms that are no less protective of Personal Data than those contained in this DPA; and (c) be liable for the acts and omissions of its Sub-processors to the same extent that Zscaler would be liable if it were performing the services of each of those Sub-processors directly under the terms of this DPA. Upon written request by Partner, copies of Sub-processor agreements may be provided to Partner in a manner to be determined by Zscaler. The parties agree that copies of any Sub-processor agreements that are provided by Zscaler to Partner may have all commercial information, business secrets, or other confidential information redacted by Zscaler beforehand.

5.3 Changes to Sub-processor List. Zscaler will provide Partner with advance notice before a new Sub-processor processes any Personal Data. Partner may object to the new Sub-processor within fifteen (15) days of such notice on reasonable grounds relating to the protection of Personal Data by following the instructions set forth in the Sub-processor List. In such case, Zscaler shall have the right to cure the objection through one of the following options: (1) Zscaler will cancel its plans to use the Sub-processor with regards to processing Personal Data or will offer an alternative to provide the Products without such Sub-processor; or (2) Zscaler will take the corrective steps requested by Partner in its objection notice and proceed to use the Sub-processor; or (3) Zscaler may cease to provide or Partner may agree not to use whether temporarily or permanently the particular aspect or feature of the Product that would involve the use of such Sub-processor. If none of the above options are commercially feasible, in Zscaler's reasonable judgment, and the objection(s) have not been resolved to the satisfaction of the parties within thirty (30) days after Zscaler's receipt of Partner's objection notice, then either party may terminate the Agreement for cause without a refund of any pre-paid fees. Such termination right is Partner's sole and exclusive remedy if Partner objects to any new Sub-processor.

6. SECURITY MEASURES.

Zscaler will implement appropriate technical, administrative, physical and organizational measures set forth in **Exhibit B** to adequately safeguard and protect the security and confidentiality of Personal Data against accidental, unauthorized or unlawful destruction, alteration, modification, processing, disclosure, loss, or access ("**Security Measures**"). Zscaler will not materially decrease the overall security of the Products during the term of the Agreement. Zscaler will take appropriate steps to ensure compliance with the Security Measures by its employees, contractors and Sub-processors to the extent applicable to their scope of performance.

7. SECURITY INCIDENT NOTIFICATION.

If Zscaler becomes aware of any unauthorized or unlawful access to, or acquisition, alteration, use, disclosure, or destruction of, Partner's Personal Data, including any "personal data breach" as defined in the GDPR ("**Security Incident**"), Zscaler will notify Partner without undue delay after becoming aware of and confirming the Security Incident. Zscaler will take reasonable steps to: (a) identify the cause of the Security Incident; and (b) take any actions necessary and reasonable to remediate the cause of such Security Incident to the extent such remediation is within Zscaler's reasonable control. Zscaler will also reasonably cooperate with Partner with respect to any investigations and with preparing potentially required notices, and provide any information reasonably requested by Partner in relation to the Security Incident.

8. AUDITS

The parties agree that the audits required under applicable Data Protection Legislation, including clause 8.9(d) of the EU SCCs (the "**Audit**"), will be carried out in accordance with the following conditions:

(a) An Audit of its data processing facilities may be performed no more than once per year during Zscaler's normal business hours, unless otherwise agreed to in writing by Partner and Zscaler or required under applicable Data Protection Legislation;

(b) Partner will provide Zscaler with at least thirty (30) days' prior written notice of an Audit, which may be conducted by Partner or an independent auditor appointed by Partner that is not a competitor of Zscaler ("**Auditor**");

(c) The Auditors will conduct Audits subject to any appropriate and reasonable confidentiality restrictions requested by Zscaler;

(d) The scope of an Audit will be limited to Zscaler systems, processes and documentation relevant to the processing and protection of Personal Data;

(e) Prior to the start of an Audit, the parties will agree to reasonable scope, time, duration, place and conditions for the Audit, and a reasonable reimbursement rate payable by Partner to Zscaler for Zscaler's Audit expenses;

(f) If available, Zscaler will provide an Auditor, upon request, with any third party certifications pertinent to Zscaler's compliance with its obligations under this DPA (for example, ISO 27001 and/or SOC 2, Type II); and

(g) Partner will promptly notify and provide Zscaler with full details regarding any perceived non-compliance or security concerns discovered during the course of an Audit.

9. GENERAL.

9.1 Term and Termination. This DPA will remain in force until (i) it is replaced or repealed by mutual agreement of Partner and Zscaler, or (ii) the Agreement is terminated or expires.

9.2 Liability. Any claims brought under this DPA will be subject to the same terms and conditions, including the exclusions and limitations of liability, as are set out in the Agreement. Zscaler's liability to Partner under this DPA will be limited to the same extent as Zscaler's liability to Partner under the Agreement. For the avoidance of doubt, the total liability of Zscaler and its affiliates for all claims by Partner arising out of or related to the Agreement and this DPA shall apply in aggregate for all claims under both the Agreement and this DPA. In no event will either party limit its liability with respect to any data subject rights under any relevant clauses in an applicable Transfer Mechanism.

9.3 Governing Law. Without prejudice to any relevant clauses relating to the governing law in an applicable Transfer Mechanism cited in section 4.2 of this DPA: (i) the parties to this DPA hereby submit to the choice of jurisdiction stipulated in the Agreement with respect to any disputes or claims howsoever arising under this DPA, including disputes regarding its existence, validity or termination or the consequences of its nullity; and (ii) this DPA and all non-contractual or other obligations arising out of or in connection with it are governed by the laws of the country or territory stipulated for this purpose in the Agreement.

9.4 Changes in Data Protection Legislation. Zscaler and Partner may, by written notice to the other party, propose to amend the appendices to any applicable Transfer Mechanism or this DPA as required as a result of any change in, or decision of a competent authority under, applicable Data Protection Legislation, to allow processing of Personal Data to be done (or continue to be done) without breach of such Data Protection Legislation. The parties agree to make any such required amendment, which shall be in writing and signed by both parties.

9.5 Counterparts. This DPA may be executed in any number of counterparts, each of which will be deemed to be an original and all of which taken together will comprise a single instrument. This DPA may be delivered by facsimile or electronic document format (e.g. PDF), and facsimile or electronic copies of executed signature pages will be binding as originals.

9.6 Entire Agreement. This DPA, together with the Agreement, constitutes the entire agreement between the parties and supersedes any other prior or contemporaneous agreements or terms and conditions, written or oral, concerning its subject matter. In case of conflict or inconsistency between this DPA, the Agreement, and the applicable Transfer Mechanism cited in section 4.2 of this DPA, the following order of precedence shall govern to the extent of the conflict or inconsistency: (i) the applicable Transfer Mechanism; (ii) this DPA; and (iii) the Agreement.

9.7 Severability. If any provision of this DPA is determined to be unenforceable by a court of competent jurisdiction, that provision will be severed and the remainder of terms will remain in full effect.

Exhibit A

Subject Matter of Processing	The subject matter of Processing is the Products pursuant to the Agreement.
Duration of Processing	The Processing will continue until the expiration or termination of the Agreement.
Categories of Data Subjects	Customers of Partner and their employees, contractors, or other third party users.
Nature and Purpose of Processing	Nature: Processing as part of the Products ordered by Customer in the Agreement. Purpose: The purpose of the Processing of Personal Data by Zscaler is to provide the Products pursuant to the Agreement.
Types of Personal Data	Includes the following: - Names - Email addresses - Addresses - Customer data - Other data provided by Partner to facilitate the Zscaler's provision of Products under the Agreement.

Exhibit B

Zscaler Data Protection and Information Security

1. Secure Files. Throughout the Subscription Term, Partner's Personal Data in Zscaler's possession or control shall be subject to safeguarding and disaster recovery protection and shall be stored at secure physical or electronic facilities operated under Zscaler's control in a geolocation of the Partner's choice.

2. Data Availability. Zscaler shall adhere to appropriate technical and organizational measures that represent the best industry practices in the storage, safeguarding, and preservation of any Partner's Personal Data in Zscaler's possession or control, including performing real-time backups to regional geographically disperse locations and ensuring the security (*i.e.*, both physical and unauthorized remote access) of all hardware and equipment used to host or store such Personal Data pursuant to the provisioning of the SaaS.

3. Safeguards and Controls. Zscaler agrees that during the Subscription Term, and continuing as long as Zscaler controls, possesses, stores, transmits or processes Personal Data, Zscaler and its subcontractors/sub-processors shall employ and maintain reasonable security measures to ensure that all Personal Data in Zscaler's possession or control is protected from unauthorized use, alteration, access or disclosure, and to protect and ensure the confidentiality, integrity and availability of such Personal Data, consistent with all applicable laws and regulations relating to the security and/or privacy of Personal Data ("Data Protection Legislation"). Such security measures shall include, but not be limited to, the following:

a) implementing reasonable restrictions regarding physical and electronic access to such Personal Data, including, but not limited to, physical access controls, secure user authentication protocols, secure access control methods, firewall protection, malware protection, anonymization, tokenization and use of encryption where appropriate or required by Data Protection Legislation;

b) maintaining a reasonable and appropriate written data security policy that includes technological, physical, administrative and procedural controls to protect the confidentiality, integrity and availability of such Personal Data, that encompasses access, retention, transport, and destruction of such Personal Data, and that provides for disciplinary action in the event of its violation;

c) preventing terminated employees from accessing such Personal Data by terminating without undue delay their physical and electronic access to Zscaler's Products;

d) employing assessment, monitoring and auditing procedures to ensure internal compliance with these safeguards;

e) conducting an independent security assessment of these safeguards at least annually, and, upon Partner's reasonable written request not more than once annually, providing certification to demonstrate compliance with all such applicable security requirements; and

f) only using Partner's Personal Data for the purpose of providing the Products contracted under the Agreement, and Zscaler shall not provide any other third party with access to such Personal Data unless it has received prior written consent from Partner, or such access is specifically allowed under the Agreement. For the avoidance of doubt, Partner consents to the use of service providers currently identified at https://www.zscaler.com/legal/subprocessors as of the date of the Agreement ("Sub-processor List"). Zscaler must notify Partner and Partner may object to any new service providers in accordance with the directions set forth in the notification.

4. Reporting. Zscaler shall maintain records, logs and reports concerning its compliance with Data Protection Legislation and/or relevant industry standards, security breaches, storage, processing, and transmission of Personal Data in its possession or control.

As a condition of providing the Products to Partner under the Agreement, no less than once each calendar year, Zscaler will undergo, at its sole cost and expense, a Statement on Standards for Attestation Engagements (SSAE) No. 18 for Reporting on Controls at a Service Organization, Service Organization Controls (SOC) 2 Type 2 audit (or industry equivalent as the standard may progress). Upon Partner's written request, Zscaler will provide Partner with a copy of its most recent SSAE No. 18 SOC 2 Type 2 report on an annual basis, resulting from such audit and such other evidence, information and documentation as is reasonably necessary to demonstrate compliance with this Exhibit.

5. Security Breach Response. Zscaler shall maintain policies and procedures for responding to security breaches. In the event of a security breach involving unauthorized disclosure, loss, or destruction of Partner's Personal Data in Zscaler's possession or control, Zscaler shall:

- promptly and without undue delay investigate the reasons for and circumstances surrounding such security breach;
- use best efforts and take all necessary actions to contain and mitigate the impact of such security breach;

- provide written notice to Partner after Zscaler confirms a security breach;
- provide a written report to Partner concerning such security breach detailing Zscaler's findings, and update such report periodically thereafter;
- collect and preserve all evidence concerning the cause, remedial actions and impact related to such security breach, which shall meet reasonable expectations of forensic admissibility;
- document the incident response and remedial actions taken in detail; and
- so long as Zscaler is not required to violate the confidentiality obligations with any of its other customers, partners or vendors, provide Partner with any relevant documents related to such security breach, including without limitation, any security assessment and security control audit reports, relevant logs and/or any forensic analysis of such security breach.

6. Destruction. Zscaler shall take all reasonable steps to ensure proper destruction (such that Personal Data is rendered unusable and unreadable) after the expiration or earlier termination of the Agreement.

7. Management Direction for Information Security. Zscaler will assign a qualified member of its workforce with expertise in information security to be responsible for the development, implementation, and maintenance of Zscaler's enterprise information security program.

8. Organization of Information Security

a) Zscaler will ensure that the responsibilities of their workforce are appropriately segregated to reduce opportunities for unauthorized or unintentional access, modification, or misuse of the organization's assets.

b) Zscaler will maintain contact with the governing regulatory authorities to ensure ongoing compliance with the mandated regulatory requirements.

c) Zscaler will maintain appropriate contact with special interest groups, specialist security forums, and/or professional associations to remain abreast of evolving information security threats and trends.

d) As applicable, Zscaler will ensure that Information security is addressed within its internal project management processes.

9. Human Resources Security

a) Background verification checks on all candidates for employment shall be carried out in accordance with relevant laws, regulations and ethics and shall be proportional to the business requirements, the classification of the information to be accessed and the perceived risks.

b) Zscaler will train new and existing employees and subcontractors to comply with relevant data security and data privacy obligations. Ongoing training is to be provided at least annually and more frequently as appropriate.

c) To the extent applicable, Zscaler will ensure that employees, contractors, sub-contractors or vendors are required to sign an agreement that contains confidentiality requirements at least as protective as those in the Agreement.

10. Asset Management

a) Zscaler will maintain an inventory of assets associated with information and information processing facilities.

b) Assets maintained in the inventory are assigned to an individual or group that is accountable and responsible for the assigned asset(s).

c) Acceptable use of assets is defined within a formal policy or standard.

d) The return of assets is clearly communicated, via policies and/or training, to all employees and external party users upon termination of their employment, contract or agreement. Return of assets is documented and tracked.

e) Zscaler classifies data in terms of legal requirements, value, criticality and sensitivity to unauthorized disclosure or modification. Procedures for handling assets are developed and implemented in accordance with this information.

11. Media Handling. Procedures are implemented for the management of removable media in accordance with the information classification.

12. Access Control

a) Zscaler will ensure that Partner's Confidential Information and Personal Data will be accessible only by authorized personnel with appropriate user identification, two-factor authentication and access controls commensurate with information classification.

b) Two-factor authentication is required for remote connectivity.

c) Each authorized personnel shall have unique access credentials and shall receive training which includes a prohibition on sharing access credentials with any other person.

d) Zscaler will have a formal user access provisioning process to assign or revoke access rights for all user types to all systems and services.

e) The allocation and use of privileged access rights will be restricted and controlled.

f) The allocation of secret authentication information is controlled through a formal management process.

g) User access rights are reviewed at regular intervals but at a minimum on an annual basis.

h) The access rights of all employees and external party users to information and information processing facilities are removed upon termination of their employment, contract or agreement, or adjusted as appropriate upon change in role or responsibilities.

i) Password management systems are interactive and ensure strong passwords.

13. Cryptography

a) Zscaler has a formal policy on the use of cryptographic controls for protection, including the use, protection and lifecycle of cryptographic keys.

b) Zscaler agrees that all Personal Data will be protected and, where encrypted, will use a Federal Information Processing Standard (FIPS) compliant encryption product, also referred to as 140-2 compliant. Symmetric keys will be encrypted with a minimum of 128-bit key and asymmetric encryption requires a minimum of 1024 bit key length. Encryption will be utilized in the following instances:

   i. Personal Data that is stored on any portable computing device or any portable storage medium.

   ii. Personal Data that is transmitted or exchanged over a public network.

14. Physical and Environmental Security

a) A clear desk policy for papers and a clear screen policy for facilities processing Personal Data is adopted and adhered to.

b) Systems are located in co-location facilities and are maintained by Zscaler personnel.

c) Only individuals on the approved access list can access Zscaler equipment and systems.

d) All facilities require badge and/or biometric access and have 24x7 security guards and CCTV.

e) Some facilities include the use of man-traps, which prevent unauthorized individuals from tailgating authorized individuals into the facility.

f) Access is created and maintained by Zscaler and only authorized to Zscaler personnel with a business need.

g) Visitors to the facility are required to be escorted at all times and are not allowed in caged areas.

15. Operations Security

a) Changes to the organization, business processes, information processing facilities and systems that affect information security shall be formally controlled.

b) Zscaler agrees that development and testing environments shall be separated from operational or production environments to reduce the risks of unauthorized access or changes to the operational or production environment.

c) Zscaler's software development processes and environment must protect against malicious code being introduced into its Product(s), future releases thereof, and/or updates thereto.

d) Zscaler shall have a dedicated team responsible for performing security audits, vulnerability scans, evaluating results and monitoring the remediation of technical vulnerabilities to ensure measures are taken to address the associated risk.

e) Zscaler software that controls access to Confidential Information or Personal Data must log and track all access to the information.

i. Logging facilities and log information shall be protected against tampering and unauthorized access.

ii. Zscaler shall maintain access logs relevant to Personal Data for the time period stated in the Agreement depending on the Product being used.

f) Rules governing the installation of software by Zscaler personnel are established and implemented on operational systems.

16. Network Security. Zscaler agrees to implement and maintain network security controls that conform to industry standards, including but not limited to the following:

a) Zscaler will appropriately segment its network to only allow authorized hosts and users to traverse areas of the network and access resources that are required for their job responsibilities.

b) Zscaler will ensure that publicly accessible servers are placed on a separate, isolated network segment typically referred to as the Demilitarized Zone (DMZ).

c) Zscaler will ensure that its wireless network(s) only utilize strong encryption, such as WPA2.

d) Zscaler will have an IDS and/or IPS in place to detect inappropriate, incorrect or anomalous activity and determine whether Zscaler's computer network and/or server(s) have experienced an unauthorized intrusion.

e) As appropriate, groups of information services, users and information systems shall be segregated on networks.

17. Data Transfers. Zscaler may transfer Personal Data to provide our Products. The transfers of data may involve movement between jurisdictions and crossing international borders. Zscaler will ensure Personal Data cannot be read, copied, modified, or deleted without authorization during electronic transport or storage and that the transmission facilities receiving any Personal Data can be established and verified. Practices implemented and maintained by Zscaler include, but are not limited to, the following:

a) All management connections to the servers occur over encrypted Secure Shell (SSH), Transport Layer Security (TLS) or Virtual Private Network (VPN) channels and remote access always requires multi-factor authentication.

b) Unless the connection originates from a list of trusted IP addresses, Zscaler does not allow management access from the Internet.

c) Zscaler maintains a change management system to submit, authorize, and review any changes made in the production environment.

d) Zscaler maintains a dedicated Network Operations Center (NOC), which is staffed 24/7.

18. Communications Security

a) Formal data transfer policies, procedures and controls shall be in place to protect the transfer of sensitive Confidential Information or Personal Data within electronic messaging.

b) Zscaler will execute a data protection and information security agreement with electronic communication service providers to ensure that security controls meeting Zscaler's requirements have been implemented.

19. System Acquisition, Development, and Maintenance

a) Applicable information security related requirements shall be included in the requirements for new information systems or enhancements to existing information systems.

b) Confidential Information or Personal Data involved in application services passing over public networks shall be protected from fraudulent activity, unauthorized disclosure, and modification.

c) Zscaler shall have policies that govern the development of software and systems and how information security and integrity are established and applied during development. Zscaler shall have a policy that outlines a governing framework to validate that security controls are present in the solution to ensure confidentially, integrity and availability. Additionally, the policy will outline the processes, procedures, and standards to ensure no known security flaws have been introduced intentionally or unintentionally at any point in the Product's lifecycle or such time as the Product has formally reached end of life.

d) Upon initial hire or engagement of software developers, Zscaler shall provide them with secure software development training. Thereafter, Zscaler shall provide supplemental training periodically as necessary to address changing industry conditions and vulnerabilities. Any such training shall occur at least every two years.

e) Principles for engineering secure systems are established, documented, maintained, and applied to any information system implementation efforts.

f) Zscaler does not currently outsource system development responsibilities; however, should this change in the future, Zscaler shall supervise and monitor the activity of any such outsourced system development.

20. Service Provider Due Diligence

a) Zscaler will conduct due diligence reviews on our service providers who may have impact on Zscaler's ability to meet the requirements of the Agreement and this Exhibit.

b) Due diligence of such service providers shall include, but is not limited to, determining the appropriate information security requirements that should be included in agreements between Zscaler and its service providers.

21. Application and Software Security. Zscaler agrees that its Product(s) will, at a minimum, incorporate the following:

a) Zscaler uses third party auditors at least annually, to conduct automated (i.e., SAST, DAST and SCA) and manual security (i.e., penetration testing) assessments to ensure the Product codebase contains no known exploitable conditions classified as 'Critical/Very High' or 'High', or otherwise captured on the OWASP Top 10 or SAN Top 25 lists.

b) Zscaler agrees to provide, maintain and support its software and subsequent updates, upgrades, and bug fixes, such that the software is, and remains secure from Common Software Vulnerabilities in accordance with its product end of life (EOL) and end of sale (EOS) policy.

c) Zscaler agrees to provide updates and patches to remediate security vulnerabilities based on severity by CVSSv3 score and will work to remediate any known zero-day exploits without undue delay. In case of critical vulnerabilities, Zscaler will deploy mitigation with urgency upon discovering the issue and push out a patch without undue delay thereafter depending on risk level post mitigation.

22. Security Contact. The contact identified below shall serve as Zscaler's designated security contact for Partner security issues under this Agreement.

Exhibit C

EU Standard Contractual Clauses (EU SCCs)

SECTION I

Clause 1

Purpose and scope

(a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) for the transfer of personal data to a third country.

(b) The Parties:

(i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and

(ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')

have agreed to these standard contractual clauses (hereinafter: 'Clauses').

(c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.

(d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

(a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.

(b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

(a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:

(i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;

(ii) Clause 8 –: Clause 8.1(b), 8.9(a), (c), (d) and (e);

(iii) Clause 9 –Clause 9(a), (c), (d) and (e);

(iv) Clause 12 –Clause 12(a), (d) and (f);

(v) Clause 13;

(vi) Clause 15.1(c), (d) and (e);

(vii) Clause 16(e);

(viii) Clause 18 – Clause 18(a) and (b).

(b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

(a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

(b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.

(c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 **Instructions**

(a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.

(b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

8.2 **Purpose limitation**

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I. B, unless on further instructions from the data exporter.

8.3 **Transparency**

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand the its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.4 **Accuracy**

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

8.5 **Duration of processing and erasure or return of data**

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until

the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that It is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 **Security of processing**

(a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

(b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

(c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

(d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 **Sensitive data**

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

8.8 **Onward transfers**

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

(i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;

(ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;

(iii) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or

(iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 **Documentation and compliance**

(a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.

(b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.

(c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non- compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.

(d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.

(e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9

Use of sub-processors

(a) The data importer has the data exporter's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least as specified in the DPA in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.

(b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.

(c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.

(d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.

(e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10

Data subject rights

(a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.

(b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.

(c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

Clause 11

Redress

(a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.

(b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.

(c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:

(i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;

(ii) refer the dispute to the competent courts within the meaning of Clause 18.

(d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.

(e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.

(f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

(a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.

(b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.

(c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub- processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.

(d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.

(e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.

(f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.

(g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13

Supervision

(a) [Where the data exporter is established in an EU Member State:] The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

[Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679:] The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

[Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679:] The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

(b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the clauses

(a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.

(b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:

(i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;

(ii) the laws and practices of the third country of destination – including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;

(iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.

(c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.

(d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.

(e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).

(f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties,

the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

15.1 **Notification**

(a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:

(i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or

(ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.

(b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.

(c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).

(d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.

(e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 **Review of legality and data minimisation**

(a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).

(b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.

(c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the clauses and termination

(a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.

(b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).

(c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:

(i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;

(ii) the data importer is in substantial or persistent breach of these Clauses; or

(iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non- compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

(d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.

(e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third- party beneficiary rights. The Parties agree that this shall be the law of Ireland.

Clause 18

Choice of forum and jurisdiction

(a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.

(b) The Parties agree that those shall be the courts of Ireland.

(c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.

(d) The Parties agree to submit themselves to the jurisdiction of such courts.

Annex I

This Annex forms part of the EU SCCs and must be completed and signed by the parties. Capitalized terms used in this Annex which are otherwise undefined in the EU SCCs have the meanings given to them in the DPA or Agreement to which these clauses are attached to. By accepting the terms of the Agreement, the parties agree and accept the EU SCCs.

A. List of Parties

Data Exporter (Controller)

Name(s) of data exporting organization:	Partner
Address(es):	As specified in the Partner Application
Tel.:	As specified in the Partner Application
Email:	As specified in the Partner Application

Activities Relevant to Data Transferred:

Data Exporter is (i) the legal entity that has executed the Standard Contractual Clauses as a Data Exporter and, (ii) all affiliates of such legal entity established within the European Economic Area (EEA), the United Kingdom and Switzerland.

Data Importer (Processor)

Name of data importing organization:	Zscaler, Inc.
Address:	120 Holger Way, San Jose, CA 95134 USA
Tel.:	(408) 533-0288
Email:	privacy@zscaler.com

***Activities Relevant to Data Transferred*:**

Zscaler, Inc. is a provider of cloud-based Internet security solutions which process Personal Data upon the instruction of the Data Exporter in accordance with the terms of the Agreement.

B. Description of Transfers

a. Nature of the Processing

b. *The processing by Data Importer shall be to enable (1) the performance of the Product which includes facilitating access for customer administrators of the Products; (2) to provide any technical and customer support as requested by data exporter, and (3) to fulfil all other obligations under the Agreement.* Categories of Data Subjects

Employees and customers of the Data Exporter.

c. Categories of Personal Data

Personal Data provided by the Data Exporter to facilitate the Data Importer's provision of Products under the Agreement, as specified in Exhibit A to the DPA. Sensitive Data

Any sensitive data that may be visible or exposed in traffic flowing through the Products is incidental and dependent on the use of the Products.

d. Frequency and Duration of Processing of the Transfers

Transfers will occur on a continuous basis on the use of the Products. The Processing will continue until the expiration or termination of the Agreement.

e. Retention of Personal Data Transferred

Personal Data will be retained as necessary during the Subscription Term for the provision of Products including Support Services.

f. Transfers to Sub-processors

i. Nature of the Processing

The processing by sub-processors shall be to enable (1) the performance of the Product which includes providing data centers to host the Products; (2) to provide any technical and customer support as requested by data exporter, and; (3) to fulfil all other obligations under the Agreement.

ii. Frequency and Duration of Processing of the Transfers

Transfers will occur on a continuous basis during the use of the Products. The Processing will continue until the expiration or termination of the Agreement.

C. Competent Supervisory Authority

The data exporter's competent supervisory authority will be determined in accordance with the GDPR.

Annex II

The Exhibit B (Zscaler Data Protection and Information Security) of the DPA will form part of the EU SCCs and serve as the Annex II.

Appendix 1 to the EU SCCs

This Appendix forms part of the EU SCCs. All references to the GDPR in the EU SCCs should be understood as references to the Federal Act on Data Protection ("FADP") of Switzerland insofar as the data transfers are subject to the FADP.

Insofar as the data transfers are subject to the FADP, the EU SCCs will be governed by the law of Switzerland.

The term "Member State" in the EU SCCs must not be interpreted in such a way as to exclude data subjects in Switzerland from the possibility of claiming their rights in their habitual place of residence (Switzerland) in accordance with Clause 18(c) EU SCCs.

Appendix 2 to the EU SCCs

If Personal Data is transferred outside of the United Kingdom to a country that is not recognized to offer an adequate level of protection for Personal Data and is not covered by a suitable framework recognized by relevant authorities or courts that offer an adequate level of protection for Personal Data, then the Parties agree to amend the EU SCCs in accordance with the UK Addendum as attached herein in **Exhibit D**. By accepting the terms of the Agreement, the parties agree and accept the UK Addendum.

Exhibit D

UK Addendum to the EU Commission Standard Contractual Clauses

This Addendum has been issued by the Information Commissioner for Parties making Restricted Transfers. The Information Commissioner considers that it provides Appropriate Safeguards for Restricted Transfers when it is entered into as a legally binding contract. Capitalized terms used in this Exhibit D which are otherwise undefined herein shall have the meanings given to them in the DPA or Agreement to which these clauses are attached to.

Signature (if required for the purposes of Section 2)	See Appendix 2 of the EU SCCs	See Appendix 2 of the EU SCCs

Table 2: Selected SCCs, Modules and Selected Clauses

Addendum EU SCCs	☒ The version of the Approved EU SCCs which this Addendum is appended to, detailed below, including the Appendix Information: Date: The day the Agreement is effective. Reference (if any): Exhibit C (EU SCCs) of the DPA Other identifier (if any): N/A

Table 3: Appendix Information

"**Appendix Information**" means the information which must be provided for the selected modules as set out in the Appendix of the Approved EU SCCs (other than the Parties), and which for this Addendum is set out in:

Annex 1A: List of Parties: Annex I of the EU SCCs
Annex 1B: Description of Transfer: Annex I of the EU SCCs
Annex II: Technical and organisational measures including technical and organisational measures to ensure the security of the data: Exhibit B of the DPA

Annex III: List of Sub processors (Modules 2 and 3 only): N/A

Table 4: Ending this Addendum when the Approved Addendum Changes

Ending this Addendum when the Approved Addendum changes	Which Parties may end this Addendum as set out in Section 19: ☐ Importer ☐ Exporter ☒ neither Party

Part 2: Mandatory Clauses

Entering into this Addendum

1. Each Party agrees to be bound by the terms and conditions set out in this Addendum, in exchange for the other Party also agreeing to be bound by this Addendum.

2. Although Annex 1A and Clause 7 of the Approved EU SCCs require signature by the Parties, for the purpose of making Restricted Transfers, the Parties may enter into this Addendum in any way that makes them legally binding on the Parties and allows data subjects to enforce their rights as set out in this Addendum. Entering into this Addendum will have the same effect as signing the Approved EU SCCs and any part of the Approved EU SCCs.

Interpretation of this Addendum

3. Where this Addendum uses terms that are defined in the Approved EU SCCs those terms shall have the same meaning as in the Approved EU SCCs. In addition, the following terms have the following meanings:

Addendum	This International Data Transfer Addendum which is made up of this Addendum incorporating the Addendum EU SCCs.
Addendum EU SCCs	The version(s) of the Approved EU SCCs which this Addendum is appended to, as set out in Table 2, including the Appendix Information.
Appendix Information	As set out in Table 3.
Appropriate Safeguards	The standard of protection over the personal data and of data subjects' rights, which is required by UK Data Protection Laws when you are making a Restricted Transfer relying on standard data protection clauses under Article 46(2)(d) UK GDPR.
Approved Addendum	The template Addendum issued by the ICO and laid before Parliament in accordance with s119A of the Data Protection Act 2018 on 2 February 2022, as it is revised under Section 18.
Approved EU SCCs	The Standard Contractual Clauses set out in the Annex of Commission Implementing Decision (EU) 2021/914 of 4 June 2021.
ICO	The Information Commissioner.
Restricted Transfer	A transfer which is covered by Chapter V of the UK GDPR.

UK	The United Kingdom of Great Britain and Northern Ireland.
UK Data Protection Laws	All laws relating to data protection, the processing of personal data, privacy and/or electronic communications in force from time to time in the UK, including the UK GDPR and the Data Protection Act 2018.
UK GDPR	As defined in section 3 of the Data Protection Act 2018.

4. This Addendum must always be interpreted in a manner that is consistent with UK Data Protection Laws and so that it fulfils the Parties' obligation to provide the Appropriate Safeguards.

5. If the provisions included in the Addendum EU SCCs amend the Approved SCCs in any way which is not permitted under the Approved EU SCCs or the Approved Addendum, such amendment(s) will not be incorporated in this Addendum and the equivalent provision of the Approved EU SCCs will take their place.

6. If there is any inconsistency or conflict between UK Data Protection Laws and this Addendum, UK Data Protection Laws applies.

7. If the meaning of this Addendum is unclear or there is more than one meaning, the meaning which most closely aligns with UK Data Protection Laws applies.

8. Any references to legislation (or specific provisions of legislation) means that legislation (or specific provision) as it may change over time. This includes where that legislation (or specific provision) has been consolidated, re-enacted and/or replaced after this Addendum has been entered into.

Hierarchy

9. Although Clause 5 of the Approved EU SCCs sets out that the Approved EU SCCs prevail over all related agreements between the parties, the parties agree that, for Restricted Transfers, the hierarchy in Section 10 will prevail.

10. Where there is any inconsistency or conflict between the Approved Addendum and the Addendum EU SCCs (as applicable), the Approved Addendum overrides the Addendum EU SCCs, except where (and in so far as) the inconsistent or conflicting terms of the Addendum EU SCCs provides greater protection for data subjects, in which case those terms will override the Approved Addendum.

11. Where this Addendum incorporates Addendum EU SCCs which have been entered into to protect transfers subject to the General Data Protection Regulation (EU) 2016/679 then the Parties acknowledge that nothing in this Addendum impacts those Addendum EU SCCs.

Incorporation of and changes to the EU SCCs

12. This Addendum incorporates the Addendum EU SCCs which are amended to the extent necessary so that:

    a. together they operate for data transfers made by the data exporter to the data importer, to the extent that UK Data Protection Laws apply to the data exporter's processing when making that data transfer, and they provide Appropriate Safeguards for those data transfers;

    b. Sections 9 to 11 override Clause 5 (Hierarchy) of the Addendum EU SCCs; and

    c. this Addendum (including the Addendum EU SCCs incorporated into it) is (1) governed by the laws of England and Wales and (2) any dispute arising from it is resolved by the courts of England and Wales, in each case unless the laws and/or courts of Scotland or Northern Ireland have been expressly selected by the Parties.

13. Unless the Parties have agreed alternative amendments which meet the requirements of Section 12, the provisions of Section 15 will apply.

14. No amendments to the Approved EU SCCs other than to meet the requirements of Section 12 may be made.

15. The following amendments to the Addendum EU SCCs (for the purpose of Section 12) are made:

a. References to the "Clauses" means this Addendum, incorporating the Addendum EU SCCs;

b. In Clause 2, delete the words:

> "and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679";

c. Clause 6 (Description of the transfer(s)) is replaced with:

> "The details of the transfers(s) and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred) are those specified in Annex I.B where UK Data Protection Laws apply to the data exporter's processing when making that transfer.";

d. Clause 8.7(i) of Module 1 is replaced with:

> "it is to a country benefitting from adequacy regulations pursuant to Section 17A of the UK GDPR that covers the onward transfer";

e. Clause 8.8(i) of Modules 2 and 3 is replaced with:

> "the onward transfer is to a country benefitting from adequacy regulations pursuant to Section 17A of the UK GDPR that covers the onward transfer;"

f. References to "Regulation (EU) 2016/679", "Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation)" and "that Regulation" are all replaced by "UK Data Protection Laws". References to specific Article(s) of "Regulation (EU) 2016/679" are replaced with the equivalent Article or Section of UK Data Protection Laws;

g. References to Regulation (EU) 2018/1725 are removed;

h. References to the "European Union", "Union", "EU", "EU Member State", "Member State" and "EU or Member State" are all replaced with the "UK";

i. The reference to "Clause 12(c)(i)" at Clause 10(b)(i) of Module one, is replaced with "Clause 11(c)(i)";

j. Clause 13(a) and Part C of Annex I are not used;

k. The "competent supervisory authority" and "supervisory authority" are both replaced with the "Information Commissioner";

l. In Clause 16(e), subsection (i) is replaced with:

> "the Secretary of State makes regulations pursuant to Section 17A of the Data Protection Act 2018 that cover the transfer of personal data to which these clauses apply;";

m. Clause 17 is replaced with:

> "These Clauses are governed by the laws of England and Wales.";

n. Clause 18 is replaced with:

> "Any dispute arising from these Clauses shall be resolved by the courts of England and Wales. A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of any country in the UK. The Parties agree to submit themselves to the jurisdiction of such courts."; and

o. The footnotes to the Approved EU SCCs do not form part of the Addendum, except for footnotes 8, 9, 10 and 11.

Amendments to this Addendum

16. The Parties may agree to change Clauses 17 and/or 18 of the Addendum EU SCCs to refer to the laws and/or courts of Scotland or Northern Ireland.

17. If the Parties wish to change the format of the information included in Part 1: Tables of the Approved Addendum, they may do so by agreeing to the change in writing, provided that the change does not reduce the Appropriate Safeguards.

18. From time to time, the ICO may issue a revised Approved Addendum which:

    a. makes reasonable and proportionate changes to the Approved Addendum, including correcting errors in the Approved Addendum; and/or
    b. reflects changes to UK Data Protection Laws;

    The revised Approved Addendum will specify the start date from which the changes to the Approved Addendum are effective and whether the Parties need to review this Addendum including the Appendix Information. This Addendum is automatically amended as set out in the revised Approved Addendum from the start date specified.

19. If the ICO issues a revised Approved Addendum under Section 18, if any Party selected in Table 4 "Ending the Addendum when the Approved Addendum changes", will as a direct result of the changes in the Approved Addendum have a substantial, disproportionate and demonstrable increase in:

    a its direct costs of performing its obligations under the Addendum; and/or

    b its risk under the Addendum,

    and in either case it has first taken reasonable steps to reduce those costs or risks so that it is not substantial and disproportionate, then that Party may end this Addendum at the end of a reasonable notice period, by providing written notice for that period to the other Party before the start date of the revised Approved Addendum.

20. The Parties do not need the consent of any third party to make changes to this Addendum, but any changes must be made in accordance with its terms.
